What is the lowest grade your group will be satisfied with? A(90+)

Our agreed time-management strategy will be to:

- a. work well ahead of deadlines
- b. work a few days ahead of deadlines**
- c. work right up to the deadlines
- d. other - please explain your plan!

Describe how you will handle your team leadership. i.e. - will you have a leader and if so, who?

Will you rotate this responsibility and if so, how do you plan to do so? Will each person take a turn or will it be rotated among only a few people?

Rotate this responsibility, based on expectation, who is better suited based on their abilities.

How do you plan to handle the situation if someone does not meet expectations? Has everyone agreed to this strategy?

Reach out and work together to accomplish the goal.
